Friday Night Funkin is a captivating online game that combines a romantic storyline with a musical conflict. Players are tasked with outperforming a talented rival in a musical competition by playing tunes more skillfully to win the heart of their love interest. This can be achieved through free play, by following the narrative, or by systematically completing the suggested activities. The nature of these musical battles becomes clear as you immerse yourself in the romantic world of Friday Night Funkin, where a young man in love must face off against the father of his beloved.

In Friday Night Funkin, your goal is to press the right button at the right time to score points and move the power bar in your favor before the song ends. Each game ends when the song ends. However, if you run out of power, the game may end early. Friday Night Funkin features two game modes: Story Mode and Free Play. In Story Mode, you must complete all the songs, impress your girlfriend's family, and earn her approval.
