About This Game;

;

Your main goal in Animal Shelter will be to look after, treat, and give

shelter to those under your care. You will have plenty of work to do with

the shelter, which will become a refuge for any creature in need and

will certainly help in finding suitable future owners. Keep in mind that the

future owner-pet duo must complement each other. Your main goal? Finding

a suitable home for your pets! Who doesn't love taking pictures of their

pets? We provide you with your own photo room, where you can create extraordinary

photo sessions. Be creative, play around; and finally use the photos as

decorations for the shelter. This will surely attract the attention of

new visitors! The adoption process is very lengthy and can give your pet

a hard time. Remember to monitor their needs: from hunger and health; to

willingness to play and love. Special name cards will certainly come in

useful. Their job will be to indicate; the current needs of your little ones. Remember!

An entertained pet is a happy pet! Your pets will spend most of; their

stay at the facility in comfy boxes, which is why you have to take care

of the right amount; of daily entertainment and exercise to keep them strong,

healthy, and relaxed. Pet them, hand out treats, play with balls; or

lasers, and they will surely repay you with great trust and a happy muzzle!

A shelter is not only boxes; it is also a whole lot of other buildings. We

give you the construction mode: manage, buy new buildings, rearrange; the

existing ones, expand the area - you are in charge! Remember that everything

matters, and the spacing of outlets; is no exception. Make your decision

with caution. In the end, you will be the one moving around the shelter; with

your pets. In Animal Shelter, we bet on innovation. You will not find our

solutions in any other shelter. One; example is the complete absence of

noisy delivery trucks, which will be replaced with fast and quiet drones. Isn't

that cool? It will definitely minimize stress in the animals that
