<p&gt;It is a really good game it is fun to play and entertaining I like this g ame because you couldn t make 🛡 sure the sound and there s no sound wit hout loading up your device or 11 get down so get down so 🛡 it ly good game it s fun to play and it really entertaining I like this game becaus e you can 🛡 make sure the sound and there s no sound without increasing up your device or lowing it so what I would 🛡 like to say is that they should get quite a bit of an upgrade and stop telling you to continuously &#128 737; get something because during the run because you d be focusing on your high h score instead of something else as it s 🛡 really distracting and take s up a lot of your time during the run as in addition I would like to 🛡 say that there is quite a couple of good things about this because you can watc h an advert if you 🛡 wanted to you to get the daily rewards are really rewarding and you can get a lot of keys which 🛡 would help you speed up one thing I do not like about this game is how the speed goes up 🛡 as you run fast I guess that s all the cons and all the pros Plus there s a lot of kind 🛡 of thing you diget five of something and you get is money and in the money the randomising money thing 🛡 is that you didn t after 10,00 O coins right but usually it is 1000 coins and below which is kind of 🛡 really random because it s frustrating as I m trying to get a lot of money whic h would help if you dallowed 🛡 us to get a lot of money in a certain t ime not just 1100 or 200</p&gt;
