Update the Netflix app

If you're on your Android phone or tablet, open the Netflix page in the Play Store, then tap Update. You can also update the Netflix app with these steps: Open the Play Store app. If you don't have it, you might need to fix an issue with the Play Store.

Open the Play Store app. If you don't have it, you might need to fix an issue with the Play Store.

Netflix says 'This title is not available to watch instantly.'
