Sign in to the AWS Management Console and open the Amazon RDS console at console.aws.amazon.com/rds/. In the navigation pane, choose Databases, and then choose the DB cluster that you want to delete.

For Actions, choose Delete. In the navigation pane, choose Databases, and then choose the DB cluster that you want to delete.

To create a final DB snapshot for the DB cluster, choose Create final snapshot?

Deleting Aurora DB clusters and DB instances - AWS Documentation
