Flags is a thinking game where you are presented with a random flag, and you must guess which country it belongs to. There are six main game modes: 1. Random Flag: You are shown a flag and must guess the country. 2. Country Name: You are shown a country name and must guess the flag. 3. Multiple Choice: You are shown a flag and must choose the correct country from three options. 4. Timed: You are shown a flag and must guess the country within a set time limit. 5. Customizable: You can create your own flags and questions. 6. Multiplayer: You can play with friends or other players online.

similarly but in reverse: The game will show you a country name and present you with three flags to choose from. The quicker you answer, the more points you will earn. And the more questions you get right without hints, the more points you will earn. The game is available on various platforms, including mobile devices and desktop computers. It is a fun and challenging way to test your knowledge of world geography and flags.
