I thought the game and awesome! The screen effects really made the stor

y come to life. And it wasn't boring where you just want to skip it t

hrough and move on, you really want to read it and see what was happe

ning! But there was only one problem, which caused me to delete the app. When yo

u first open the app, they ask for your age, one of the options is 18

and under. So I click that and I start my first story. I really like

it! The story was well played out and I laughed a little too. But t

he only problem was that the F word was put in there at least once in each sto

ry. I think that is extremely disappointing that they would do that.

If you click 18 and under, I expect the creators of the app to elimin

ate all the F words and maybe more swears, I say this because 18 and

under does include 10 year old, and younger as well. I do not think it is appr

opriate to add those types of swears into the younger category. It's

a bad influence on children and really dangerous when you expose them

to that kind of language. So I think that they need to fix that immediately. It

ruined the app experience for me. If they update it, and eliminate

the F word from 18 and under category, I will gladly play it again

.

Sincerely,

A disappointed player.
